## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: This is a report on the modifications to the Code of Fair Competition for the Fur Dressing and Fur Dyeing Industry, on which a public hearing was held on April 27, 1934.

The first modification definitely sets the hours in which each establishment in the industry is permitted to operate. It thereby definitely fixes a thirty-five-hour week in this industry and affords the Code Authority more opportunity to enforce the hour provisions of the code.

The second modification protects the members of the Code Authority from legal action on a partnership theory.

I find that:

(a) The modification of said code and the code as modified are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of the industry for the purpose of cooperative action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Code as modified complies in all respects with the pertinent provisions of said Title of said Act, including without limitation subsection (a) of Section 3, subsection (a) of Section 7, and subsection (b) of Section 10 thereof.

(c) The code empowers the Code Authority to present the aforesaid modifications on behalf of the industry as a whole.

(d) The modification and the code as modified are not designed to and will not permit monopolies or monopolistic practices.

(e) The modification and the code as modified are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said modifications.

For these reasons, these modifications have been approved.

Respectfully,

HUGH S. JOHNSON,  
*Administrator.*

JUNE 30, 1934.
